

Lägga till Chattmöjlighet via Facebook

Logga in på Facebook. Du behöver vara admin för din Facebooksida.

Gå in på https://apps.facebook.com/static_html_plus/ och klicka på "Add Static HTML to a Page"

 Static HTML: iframe tabs 

 Jann S

Static HTML: iframe tabs

Static HTML makes it simple to create powerful custom iframe tabs. We are **one of the largest providers of custom tabs on Facebook**, serving millions of pages.

Thunderpenny Support

Börja med att ge sidan en bakgrundsfärg. Exempelvis: `<BODY BGCOLOR="#46729c">`

Klistra sedan in Scriptet för chattknappen som du skapar i din LiveAgent och klicka sedan på ”Save & Publish”

The screenshot shows the JustEgg website editor interface. At the top, there's a header with the JustEgg logo and navigation links: "Page dashboard", "Change Page", and "View on Facebook". Below the header, there's a toolbar with tabs for "Content", "Leadgate", and "Actions". The "Content" tab is active, and it contains a "Static HTML" section. In this section, there are two buttons: "Change app" and "Embed your website". Below these buttons, there's a text area for editing HTML code. The code is for an "index.html" file and includes a script to create a LiveAgent chat button. The script is as follows:

```
<BODY BGCOLOR="#46729c">

<script type="text/javascript">
(function(d, src, c) { var t=d.scripts[d.scripts.length -
1],s=d.createElement('script');s.id='la_x225df8d';s.async=true;s.src=src;s.onload=s.onreadystatechange
=function(){var rs=this.readyState;if(rs&&(rs!='complete')&&(rs!='loaded'))
{return;}c(this);};t.parentNode.insertBefore(s,t.nextSibling);})(document,
'//support.liveagent.se/scripts/track.js',
function(e){ LiveAgent.createButton('ab3475e3', e); });
</script>
```

There is also an "Upload image..." button in the top right corner of the code editor area.
